Bill – who is providing Craft – Turney Updates to you? Could you email them so that they start sending them to me after tomorrow morning’s Ops Report?

Thanks

**Craft-Turney DW Incident:** The WSC continues flushing targeted areas of the system where Chlorothalonil is believed to still be present. Yesterday the TCEQ collected samples from 35 locations and shipped them to the EPA Houston Lab for MBT analysis. Preliminary results on the first 20 samples should be available by COB Friday.
